T-Mobile Update

On March 16, the Fairfax County Planning Commission heard the T-Mobile 2232 application for the cellular tower on Oakwood Road. The decision on the application was postponed to give County staff time to research whether or not the landowner was in compliance with the terms of a settlement with regard to prior land use violations.

The Fairfax County Planning Commission subsequently approved T-Mobile's application for the tower on Oakwood. However, until the landowner meets the terms of settlement agreed upon with the County, the cell tower cannot be erected.

Just Say No To Door To Door Salespersons

Below is good information on solicitors from my counterpart at the Mt Vernon Station, MPO Greg Kottemann.

The Police Department has information that a large group of magazine solicitors may be in the area. Generally they are young adults between 18–25 who are brought to the area from out-of-state. The companies that hire them transport them throughout the county by van and drop them off in neighborhoods to sell magazine subscriptions door-to-door. In most cases the subscriptions are not even valid. To solicit door to door in Fairfax County each and every solicitor needs a solicitors license, which most times they do not have.

Soliciting itself may not seem a very serious crime, but it provides the opportunity commit other crimes such as burglary, larceny, destruction of property, and other offenses. Some of these individuals can also be very aggressive and hostile if you aren't interested in "buying" from them.

Please call 703-691-2131 if you see anyone in your neighborhood soliciting magazines or any other type of items/services. Ask for a patrol officer to be dispatched to the area to check these individuals out. You never know who you could be dealing with so DO NOT confront them yourself.

Don't depend on someone else to call.

Tips to protect against solicitors:

- Make sure all your homes doors are locked at all time—even if you are home or out in the yard.
- Do not answer the door if you do not know who is on the other side—keep it locked.
- Never give out personal information to a stranger. Never share neighbors personal information, habits, family composition or current location with a salesperson.
- Never buy something from a door to door salesperson. Ok....one exception, school boosters or scouts where you *personally* know and recognize the student or scout at your door.
- Never hire a contractor who is going door to door.
- Never invite a door to door solicitor into your home.
- If confronted by a door to door solicitor, first ask for a Fairfax County solicitors license.
- If they do not have one, then tell them you are not interested. If they do have a license, make sure it is valid—then still tell them you are not interested!
- Go inside and call the non-emergency number (703-691-2131). Do *not* tell them you are going to call.

Just because they have qualified and paid for a Fairfax County solicitors license does *not* mean they reputable business person or are selling a real or decent product.

Please help us keep your community safe!
